Veronica's story

When I moved to London I didn't have time to go to art galleries or museums and I didn't have time to learn English. I was busy working and looking after my children.

When she was older my daughter took me to an art gallery and I loved looking at the paintings. When I got home I decided to try painting and now it is my favourite hobby.

I like to go to museums and be inspired by the things I see and then I go home and paint them.
